Saved by fiction: Reading as a Christian practice

Resolutions require intentionality, deep convictions, and the discipline to see them through. My habit of endlessly rereading beloved stories prepared me for the meditative, repetitive reading of sacred story that lectio divina is all about. I highly recommend it to professors, college students, pastors, lay leaders, and a variety of ministry and NGO practitioners.

In his account of the origins of the novel in a book titled *The Decline of the Novel*, Joseph Bottum explains, The novel came into being to present the Protestant story of the individual soul as it strove to understand its salvation and achieve its sanctification, illustrated by the parallel journey of the new-style characters, with their well-furnished interiors as they wandered through their adventures in the exterior world.
