## Australia

Again, some media commentary about foreign investors implies that they are mainly acquiring agricultural assets previously owned by Australians. Yet there are a series of other, less visible, risks and costs that also lie in wait for even those investors that seek to mitigate against the weaknesses inherent in relying on actively managed LICs.

## Contagion risk in the Australian banking and property sectors

It would seem that due to the rising income of some has resulted in that group commanding the market, leaving little for other groups.

## Benchmarking of Technology Transfer Offices and What It Means for Developing Countries

Standard III D Performance Presentation is not violated as Alex sends a quarterly itemized statement of the funds and securities in his custody, and the transactions that occurred during this period.
