## Experimenting with Plague in 18th Century Egypt

This census will determine, as accurately as possible, the actual number of complete or partial sets that were printed and their present locations. . . Although The North American Indian is one of the great publications of all time, there is no definitive answer about how many sets were originally published. Hyderabad: Dār al-ma‘ārif al-niẓāmiyah, 4 vols.

## Ibn al

Therefore, he was familiar with historical schools and writing styles that existed before his time, especially historical writing in the form of annals historiographical literature. And its purport in the holy verse is that all the names known to be the Best Names exclusively belong to God because there is no being more perfect and superior to Him. Frenchman Bernard de Montfaucon 1655—1741 , author of Bibliotheca bibliothecarum, is considered one of the founders of this field.

The study of such manuscripts is only one of the approaches for analyzing the cultural transformations of past Arab societies, but alone, this is not sufficient; it is also crucial to place Arab historiography in its physical, historical, and geographical context, as was done by al-Munajjid 1960 , Pedersen 1984 , Sayyid 1997 , Sāmānā’ī 2001 , Binebine 2004 , Gacek 2009 , and others. Apart from these Islamic legal deliberations, other factors play a major role in why different cultures and traditions may have a tendency to bury the dead quickly. His affiliations remained close to the traditional eastern centers of learning, where the Mālikīs were underrepresented.
