### Virginia Roots, Race, and Discipleship

After 1619 this group of poor servants included many Africans and their descendants, some of whom had experience in the Spanish and Portuguese colonies, where slave labour was widely used.

### Race, Ethnicity, and Politics

Southern planters, who were in regular communication with these island, brought in large numbers of Africans during the 18th century and systematically developed their slave practices and laws. The co-writers and videographer continue working to complete and upload more videos and curriculum. By settling in frontier areas, free people of color found more amenable living conditions and could escape some of the racial strictures of Virginia and North Carolina areas.

Race is a human-invented, shorthand term used to describe and categorize people into various social groups based on characteristics like skin color, physical features, and genetic heredity.

### The Virginian

A well-written, jargon-free interpretive synthesis, it relates impersonal political-economic forces to the human actors who were shaped by them and, in turn, helped shape them. The movement, which seeks to build cross-racial.

### The Origins Debate: Slavery and Racism in Seventeenth

.

### Race, Ethnicity, and Politics

Most had left the area in the late eighteenth and nineteenth centuries.
