## Poland's Solidarity Movement (1980)

Hundreds of past and present cases of nonviolent civil resistance exist. The specificities of the other societies under study only add local color to the general picture.

## Doing Post

This lack of security strategising on the Polish left also explains why gender equality in the realm of volunteer defence has been largely left out of Polish feminism.

**The persistence of cliques in the post-communist state. The case of deniability in drug reimbursement policy in Poland, The British Journal of Sociology**

Significant case-studies will be discussed e. The European project prominently involves a process of incremental constitutionalization and an increasing role of rights. First, the conceptual deficit will be characterizing any sociological practice as long as sociologists use theories meant to explain a different social-historical reality than that of the society studied.

**Towards a sociology of the transition : rights, resources and social integration in Poland (Book, 2000) [satis.farmjournal.com]**

Sofia: IYS, Bulgarian Sociological Association. Week 2 Constitutions and constitutional traditions in Europe The making of constitutions is a unique historical event, and the way constitutions are structured and relate to their socio-political environment is strongly context dependent.

**The persistence of cliques in the post-communist state. The case of deniability in drug reimbursement policy in Poland, The British Journal of Sociology**

The 30-year transition may be conventionally divided into two periods, the dividing line between which was the accession of the respective countries of Central and Eastern Europe to the European Union. Tuori, Kaarlo, and Suvi Sankari 2010 , The many constitutions of Europe.

### **Doing Post**

It highlights how adequate minimum wages, statutory or negotiated, can play a key role in a human-centred recovery from the crisis. Thirdly, the epistemological cleavage between the theoretical and empirical levels of sociological cognition led to the creation of mutually discrepant cognitive worlds—a situation that impeded not only sociological reflection on society but also the building of adequate scientific foundations for social action.
