## CKD Boats

Had there been more time allowed by what was presumably a rush to publish, it would have been interesting to have had a discussion of the management decision to keep three or four helmsmen on tenterhooks as to who would win the competition to steer his boat, Victory '83.

## Roundup of recent World Sailing Speed Records

Kingfisher 2 then sailed on between 7 and 10 knots towards Perth in Western Australia their nearest practical safe haven, some 2000 miles to the east. In general, the shorter each individual nap is, the more frequent the naps should be.

## BOC Challenge Races

Stampi teaches sailors how to perform best on minimal sleep. Approximately 80 species of plants bear Banks's name. Aebe did not have a GPS receiver, since the GPS system was not in operation then.

## Pickthall Barry

He has been one of the main organisers behind the round-the-world-race The Race. Cockpit: Small rather than large.
