U.S. Relations With Namibia

The seeds have been sown for a new generation of leaders on the continent who only benefit from being familiar with one another. But for all the benefits, foreign aid to Africa has no shortage of detractors. But more importantly, I challenge you to become involved in whatever your field of expertise is in direct people to people activities, be they sister city relationships, academic exchanges or working with an individual community in Africa to help it confront and welcome its development challenges.
