United States Immigration and Refugee Law, 1921

Between 1920 and 1930, 170,000 foreigners settled in Belgium. Under the ACA, the Secretary of Health and Human Services can expand an innovation demonstration program widely without congressional authorization if the CMS Chief Actuary construes evaluation results and actuarial analysis to mean that certain cost and quality criteria are met.

The Third World and Global Studies

Addressing these challenges requires keener understanding of the real world that researchers hope to help improve. This module will acquaint students with a thorough understanding of the varying approaches of the Axis and Allied powers in the Second World War to the development and implementation of strategy.

Belgium's Immigration Policy Brings Renewal and Challenges

These findings reveal points of continuity as well as of discontinuity with similar findings in Morocco.

Foreign Aid Can Dampen Migration If It Improves Public Services

Relatively few studies show transfer to non-trained tasks, including those involving everyday skills. Immigrants in Brazil: A Particularly Vulnerable Population As the virus continues to spread in Brazil, immigrants constitute one of the most at-risk groups. After controlling for a number of factors that have previously been shown to affect migration decisions—including the size of migrant networks in destination countries as well as the cultural and geographical proximity between donor and recipient countries—we obtain robust evidence for a negative aid-migration relationship.
