Søren Kierkegaard (Stanford Encyclopedia of Philosophy)

Suppose, then, that one of them did nothing but moan, while the other forgot and surmounted his own suffering to speak comfortingly, friendly words or, what involved great pain, dragged himself to some water to fetch the other a refreshing drink. His fame as a philosopher grew tremendously in the 1930s, in large part because the ascendant existentialist movement pointed to him as a precursor, although later writers celebrated him as a highly significant and influential thinker in his own right.

Litteratur

This he began with the confessions of the esthete and the ethicist in and the highest good in the discourse of that same book. They force the dialectical movements of the making and unmaking of the self before God to undergo lyrical imitations of meditation while the clefts, rifts, abysses, are everywhere to be seen. Kierkegaard loved to walk them.

Søren Kierkegaard (Stanford Encyclopedia of Philosophy)

One must first learn to know himself before knowing anything else.

Kierkegaard som eksistentiel fænomenolog: En antologi — Aalborg Universitets forskningsportal

XXXIX, by Hans Martensen, Translated by C. En undersøgelse af Peter Seebergs eftersøgning 1946-1999.
