The project will support the expansion of local retailers, restaurants, recreation operators, and research and conservation institutions, which will help bolster job creation, attract private investment, and advance economic resiliency throughout the region.

Browse subject: Corporations

When it is not possible to meet for in-person town halls and other events, Access Live is a tool that allows government officials to virtually reach thousands of people at once, from the comfort and safety of their own homes. Many communities subscribed stock, others voted bonds, others paid for right-of-way by private subscription in order to secure a railroad. Nevertheless, it is contentious for ethical, safety, and efficacy reasons.
