My feelings so fretful to whom may I tell? KCT Kêng-chih-t'u Pictures of Tilling and Weaving ; poems by Lou Shou 1145 A.

## Encyclopedias and Dictionaries of Literature

The prince wearies of daytime pleasures And delights in night-time banquets. In it he confirms the chilliness, the melancholy, the restlessness, the associations of separation and homesickness, that were present in the first two poems quoted.

## Encyclopedias and Dictionaries of Literature

A man cannot take hold of the moon, Yet the moon always follows him about. A well-defined tradition of reference dictionaries culminated in the Byzantine Suda lexicon tenth century , which incorporated material from earlier biobibliographical compilations and contained explanations of concepts and terms found in literary interpretation. I do not know, in the heavenly palaces What year this night is? But then he had the orchid paths cleared, the cassia garden put in order.
