## Meiji (era)

They adhere sedulously to their promises to do good or to devote themselves to a particular principle or goal, often with the intention of sharing the benefits or merit thus attained with others, but primarily in order to garner merit toward future Buddhahood.

## Meiji (era)

Dissemination of tales of this kind may have played a fairly important role in the gradual process of Buddhism's integration into the Japanese ethos. The former refers to the couriers of Yama, ruler of the land of the dead i. It seems unlikely that he would have permitted his students to read his own kanbun text in Japanese pronunciation.

## Meiji (era)

Recognition of Tamenori's literary efforts came, eventually, in the inclusion of some of his works in various anthologies.

## Emperor Meiji

Most of Yamada's commentary is useful, as is his index of names, terms, and vocabulary. Like the acts of renunciation described in both historical chronicles and in fiction, Sonshi's shukke can probably be explained as the result of a combination of factors.

## Emperor Meiji

Like most scholar-bureaucrats, Tamenori was also assigned to several tours of duty in the provinces. This lopsided distribution may suggest that Tamenori's energy or other resources flagged here, or that, for some reason, he was pressed for time; Sonshi, or someone in her retinue, may have called for the completed manuscript before Tamenori had a chance to do all that he meant to do.

## Japanese classic language

The term hentai kanbun refers to writings that straddle categories A and B, including those in subcategories A2 and B3 and a portion of those in B4. Then, even if Kalmdgapada comes out of the sky, you need fear nothing.

### **Meiji Corporation**

Instead, it was common for members of the Imperial Family to be born in a structure, often temporary, near the pregnant woman's father's house. It has not been easy to concentrate on your prayers. Two days later, Saigō's rebels, while attempting to block a mountain pass, encountered advanced elements of the national army en route to reinforce Kumamoto castle.

### **Japanese classic language**

He discovers in a dream that the lecture patron's mother has been punished for her sins with rebirth as an ox in her own son's herd. This was the context in which K5ya promoted them as well. It did so by placing it in a lineage extending through time from those other texts to SanbOe and on beyond it, toward other texts that would, in turn, cite Sanb6e as a reliable and respected authority.
