## Tree ID for Kids

Dried materials can be used in vases, baskets, plaques, shadow boxes, and fresh flower arrangements.

## Common Names Quick List

A little history: When our house was built in 1929, there had been an exterior wooden porch, about 13 feet long by 7 feet wide, with two doors to the inside at either end.

## Greens and Browns for the Compost Pile

Generally likes a sunny position. Borax and borax mixtures can be reused, but the mixture must be dry. Larval food plant for Double-headed Hawkmoth *Coequosa triangularis* butterflies.

## Organic Gardening Supplies

Excellent for nectar feeding birds - including lorikeets, Musk and Crimson Rosellas.
