Bureau of American Ethnology: Annual Report

Thé ear of corn, when not in use, lay beside the sand bed. They are solicited to use their influence with the cloud people, and the dances of the Kalsuna are usually held for rain or snow. The chief aim of this atlas is to show upon a series of State and Territorial maps the boundaries of the various tracts of country which have from time to time been acquired through the medium of treaty stipulation or act of Congress from the several Indian tribes resident within the present territory of the United States from the beginning of the Federal period to the present day.
