Exploring World History

The first textbook ends with the church age and the life of the apostle Paul. How do the traditions of genres and forms, materials and means of production, and philosophies and theories influence individual literary and artistic works and their interpretation? I'm thankful they've kept all the features that make this curriculum user-friendly and enjoyable while adding just a few more like the student review book. The English credit involves completing several writing assignments, including one research paper; and reading the assigned literature, poems, and short stories in *In Their Words*.

Exploring World History

Having history presented from a Christian world view is important to our family. In order to complete the literature assignments, we find them on audiobook.
