Paris Review

I could believe That I am here, that I listen; but its hum Deepens only in my mind. But I will add that my thanks are also on behalf of poetry as it is written in French, or more precisely, of poetry as it is written today in France.

Yves Bonnefoy (poet)

The summer sky Has hardly any clouds to half open A brighter way under dark vaults. Over the next 15 years, Bonnefoy was awarded both the and the for Art History and Art Criticism in Europe in 1995, the Poetry Evenings in 1999, and the Grand Prize of the First in 2000. My father died when I was thirteen.

Paris Review

But the paradox of poetry is that putting the moment into words transforms it. I went onto the veranda, the table was set, The water knocked against the legs of the table, the sideboard.

In Memoriam: Yves Bonnefoy

Later I discovered that Cioran and Roland Barthes were there too. Yves Bonnefoy, celebrated translator and critic, is widely considered the most important and influential French poet since World War II.
