THE TALE OF BEATRIX POTTER: A Biography: Lane, Margaret, Potter, Beatrix: satis.farmjournal.com: Books

Travers This is what Pamela L. Unable to find a publisher who would accept her work, Potter had the first version of The Tale of Peter Rabbit privately printed in 1900. Potter got to know several influential artists and writers through her parents, including painter John Everett Millais.

Beatrix Potter Biography

In 1903, Potter and her publisher decided her next book should be less complicated than her previous productions, and in Benjamin Bunny she created a simple, didactic tale for young children. They find the blue jacket and brown shoes on a scarecrow, but Peter is apprehensive about lingering in the garden because of his previous experience. Benjamin Bunny had been mentioned in the manuscript of the privately printed edition of Peter Rabbit but had been dropped as irrelevant to the tale.

We have no hesitation in calling her pencil perfect. Let us pray that the BBC has preserved it! Her mother Helen was skilled at embroidery and watercolors. The majority of pages are undamaged with minimal creasing or tearing, minimal pencil underlining of text, no highlighting of text, no writing in margins.

The Tale of Beatrix Potter: A Biography: Lane, Margaret: 9780723232667: satis.farmjournal.com: Books

She was a reluctant author who started out sending cute cartoons drawn on letters to cousins and children's friends. Instead of writing, Potter focused much of her attention on her farms and land preservation in the Lake District.

The Tale of Beatrix Potter: A Biography: Lane, Margaret: 9780723201380: satis.farmjournal.com: Books

The true story is amazing, however. I got given this book as a young child and could never get into it so it has sat on my bookshelf for about 20 years gathering dust. Of course I knew that but now know that the BBC has done nothing about it since.

The Tale of Beatrix Potter : A Biography: Lane, Margaret: 9780723246763: satis.farmjournal.com: Books

For him the first and ultimate requirement is that the book should please himself.

THE TALE OF BEATRIX POTTER: A Biography: Lane, Margaret, Potter, Beatrix: satis.farmjournal.com: Books

The artistic style comes across more like mere listings of plants or places instead of giving the reader a real feel for the subject matter. Instead, he devoted himself to photography and art.
