### The Importance of Rules in Games

So for example with a komi of 7. The league wanted to boost offenses by widening the short side of the field, where defenses used the sideline as an extra defender.

### The Complete Rules for Rummy

A few wacky suggestions for customizable house rules Do make up your own! If the players are unable to agree, some rules provide for arbitration using virtual attempts to capture the group. In the final position, the points marked a are black territory and the points marked b are white territory.

### The Original 13 Rules of Basketball by James Naismith

The Chop Block From 1979 to 1996, the league placed increasingly stricter restrictions on when and who could use the chop block. It was these 23 minutes that were thought to be lost during a WWII bombing.

### Cornhole Rules

The closest player goes first. This enabled coaches to better disguise the coverage and stifle passing attacks. After that, the break is taken in turns.
