India GDP Annual Growth Rate

Indian GDP growth rate from 1985 to 2016 in red, compared to that of China in green.

Economy of India

The had a major and therefore could not borrow money internationally or privately. Increasing the cash flow is very important for the revival of the plunging economy.

Present state of economy is temporary phase: Amit Shah to students

Despite this, only one-sixth of India's population lived in cities by 1951. The trade imbalance caused Europeans to export large quantities of gold and silver to Mughal India to pay for imports. Industrial policy reforms have substantially reduced industrial licensing requirements, removed restrictions on expansion and facilitated easy access to foreign technology and investment.

Know what's the present state of 'Indian Economy'?

Electricity sector consumption of India is the third-largest after China and the US with 5. This is only the second instance since December 1999 that the GDP growth rate has fallen for five straight quarters.

Economy of India

Prime Minister Modi suggested that satellite technology be used. The Shreni had a considerable degree of centralised management.
