### Education

Reimagining education The world is changing faster than ever — as are the skills students will need to be life-ready by the time they graduate. We appreciate your patience during this transition to a more user-friendly and cost-effective site. We reimagined Windows for a new era of digital learning, helping educators unlock the full potential of every student, giving them powerful tools to learn, collaborate, and create in a secure and trusted environment.

### Home

Learning with the new Windows 11! The report presents 50 indicators on topics ranging from prekindergarten through postsecondary education, as well as labor force outcomes and international comparisons. This set of provisional web tables include fully edited and imputed data from the Integrated Postsecondary Education Data System IPEDS fall 2020 collection, which included three survey components: Institutional Characteristics for the 2020-21 academic year, Completions covering the period July 1, 2019, through June 30, 2020, and data on 12-Month Enrollment for the 2019-20 academic year.

### New Jersey Department of Education

The indicators summarize important developments and trends using the latest statistics, which are updated throughout the year as new data become available.

### Home

Each month you will receive an email that shares events we have planned, quick tips, easy to use resources about exciting new Microsoft Education tools, and ed tech news.
