### Depression and Older Adults

Think about how many of your neighbors you actually know. Often symptoms such as sleep, appetite, and concentration problems improve before mood lifts, so it is important to give the medication a chance to work before deciding whether it works for you. When you and your doctor have

decided it is time to stop the medication, usually after 6 to 12 months, the doctor will help you slowly and safely decrease your dose.

### **Why Stress Turns Into Depression**

Preppers stockpile to ensure they have food and supplies in lean times. Policymakers reasoned they could avoid a return to prewar slump conditions so long as the undeveloped lands around cities could fill up with new houses, and the new houses with new appliances, and the new driveways with new cars. Call a hotline or talk to a friend.
