Perspectives of pupils, parents, and teachers on mental health problems among Vietnamese secondary school pupils

Blanc M-E: Social construction of male homosexualities in Vietnam. Then I can find solutions and think less about the bad things.

Parents and pupils overwhelm schools with pleas for good grades

According to the parents, the government has not developed good academic curricula. Violence among adolescents has been reported to be increasing, especially fighting and bullying among girl students outside of school.

Pupils' perspectives on homework

Strengths and limitations The strengths of this study include the fact that different stakeholders contributed their perspectives, experiences and suggestions for improvement of mental health of pupils during the interviews and FGD and that the numbers of respondents were relatively large for a qualitative study. These results are in contrast with policy intentions highlighting inclusion of all students as a goal.
