## What the Research Says on Instruction for English Learners Across Subject Areas

They almost never seek out additional information about a topic. One major reason for a lack of understanding or confusion is the course textbook. That group includes five ELL students who read at a second-grade level, seven learning disabled students who read a year below grade level, eight students reading at grade level, and four above grade level.

## Content Area Teaching and Learning

Intelligence, cognitive skills, and early reading progress. Instructional opportunities encompass more than teaching—curriculum, instructional materials, and other elements are also important—but the opportunities that teachers can provide are our focus.
