Graduate Admissions

Students must apply by this deadline to be considered for potential fellowships. For consideration of admission to graduate study and financial assistance, all application materials must be received by the dates indicated. The doctoral program in sociology at the University at Albany prepares you for a professional career in areas including academics, research, government and industry.

Sociology

We ask that you respond to the following prompt: Please use the Academic Statement of Purpose to describe within 1000 words the substantive research questions you are interested in pursuing during your graduate studies, and explain how our program would help you achieve your intellectual goals.

Sociology

Ideally, pose a question, define a problem, or indicate a theme that you would like to address or questions that arise from contemporary research. Almost no graduate programs in sociology require this test, and only about 9,400 students took it between 2006 and 2012, but an exceptional score could strengthen your application.

Graduate: Department of Sociology: Indiana University Bloomington

If this contributed to a particular focus in Sociology, please describe. For students applying to begin in Fall 2021, the GRE is recommended, but not required.
