How to Set Healthy Friendship Boundaries

Of course if you're a therapist in a large practice with other professionals you have the advantage of being able to grab a few minutes to run something by a colleague. Common reasons for boundary setting with friends 1. That was me, I guess.

Voice of Experience: Avoiding boundary violations

Here are signs that you, my darling dearest, have BOUNDARY ISSUES: 1. In these cases it becomes very easy for people to become a target of unethical practices.

Necessary Boundaries for a Healthy Counseling Relationship

It's only occurred to me recently that I have zero concept of boundaries myself. Outside of scheduled sessions in the office, therapists should generally avoid getting together with clients, even if they request it.

Why Your Therapist Can't Be Your Friend

My mother is a blunt English former who has zero problem asking anyone deeply intimate questions about their lives.

When Did It Become Okay to Text With Your Therapist?

She leans on you to such a degree, you become worried for her. Boundaries also protect therapists from being sued by patients. If she feels supported, she can ultimately deal with her situation herself.

7 Tips for Setting Work Boundaries in Your 24/7 Schedule

Personally, I think it's unrealistic to think a therapist is never going to have a countertransference reaction.
