With simple lines and curves that favour grace over extravagance, the furniture showcases an ingenious joinery system that employs a seamless mitre, mortise and tenon construction. Each eunuch was appointed to work in one of twenty-four agencies, each of which had a distinct task, such as overseeing one or more offices that organized materials needed by the court. Meanwhile, the Wu School sometimes referred to as Wumen became the most dominant school nationwide.

Ming Dynasty

Ming 1368 - 1644 The last of the outstanding dynasties, the Ming was vibrant during its first half but racked with internal discord during its second. Many artists would combine these elements into their work and would gather with one another to share their interests. The sturdier and enclosed lower were on the other hand, used for storing more fragile objects or tea utensils that could be brought out in the presence of guests.
