York. The way the underlying events are hidden in graphics.

## The Different Types of Graphic Design

This results in a convincing illusion, such as moving about on an uncharted planet or strolling through the lobby of a proposed skyscraper. Indeed, since everything resembles something in some way, mere resemblance as a distinguishing trait is trivial.

## Graphics — CSC 161 0.1 documentation

Those methods are described together, first. They can give more personality and insight to what the character is doing or thinking.
