2021 Policy Briefs

Prior to entering into any arrangement with a third party for valuation services, an institution should compare the risks, costs, and benefits of the proposed relationship to those associated with using another vendor or conducting the activity in-house. Three categories of effective dates--retrospective, current, or prospective--may be used, according to the intended use of the appraisal assignment.

NJDEP

Prior to joining DEP, Kelley provided strategic communications guidance for a Trenton-based nonprofit on a wide range of environmental, infrastructure and land-use issues. The Agencies' appraisal regulations specify that an institution may use an appraisal that was prepared by an appraiser engaged directly by another financial services institution, provided the institution determines that the appraisal conforms to the Agencies' appraisal regulations and is otherwise acceptable. As a career DEP employee, Pat has a strong belief in public service and the protection of public health, safety and the environment.

Smart Growth

Changes in underlying economic and market assumptions, such as capitalization rates and lease terms. While an institution must confirm that the appraiser holds a valid credential from the appropriate state appraiser regulatory authority, a state certification or license is a minimum credentialing requirement.

How to Write a Staff Report

An institution should consider performing an inspection to ascertain the actual physical condition of the property and market factors that affect its market value. Standards of performance measures to be used. Paul Baldauf serves as Assistant Commissioner for Air Quality, Energy and Sustainability under Commissioner Shawn M.
