

Tracer hydrology 97 - proceedings of the 7th International Symposium on Water Tracing, Portorož, Slovenia, 26-31 May 1997

A.A. Balkema - Tracer hydrology : proceedings of the 6th International Symposium on Water Tracing, Karlsruhe, Germa...

Description: -

-
Morocco -- Economic conditions
Environmental chemistry -- Congresses.
Stable isotope tracers -- Congresses.
Tracers (Biology) -- Congresses.
Tracers (Chemistry) -- Congresses.
Groundwater tracers -- Congresses.
Hydrology -- Congresses.
Hydrologic models -- Congresses.
Hydrology -- Methodology -- Congresses.

Tracer Hydrology: Proceedings of the 6th International Symposium on Water Tracing Karlsruhe/Germany/21

They address a number of topics in hydrology tracing techniques including: protection of natural resources against pollution; the use of natural and artificial tracers to help to assess contaminant transport in surface waters; and aquifer parameters and modelling. The Encyclopedia is extensively illustrated with photographs, maps, diagrams, and tables, and has thematic content lists and a comprehensive index to facilitate searching and browsing.

Tracer hydrology : proceedings of the 6th International Symposium on Water Tracing, Karlsruhe, Germa...

Tracers have been used for several decades to study flow conditions, for groundwater reconnaissance and for management of water resources.

Tracer hydrology : proceedings of the 6th International Symposium on Water Tracing, Karlsruhe, Germany, 21

The content is illustrated by numerous sketches, graphs, tables and some black and white photos.

Tracer hydrology 97

The book is in fact the miscellany published as a material for the 7th International Symposium on Water Tracing, held in Slovenia in 1997. It presents 65 papers that cover topics such as: groundwater contamination through sinkholes and the karst surface; stormwater drainage and flooding problems; and foundation considerations and improvements in karst. There is not a lot of theory but examples of real conditions mostly.
