Many believe atrocities done to Native Americans ended in the 19th century and underestimate the current levels of discrimination faced by Native peoples in comparison with other racial and ethnic groups and LGBTQI people. Point out similarities and differences in styles and forms as one would when comparing Western works of different periods, styles, and genres.

## An Overview of Native American History

As early as 1000 BC, they had covered nearly the entire continent. The complications to homogenizing a group of distinct peoples into a bounded ethnic term is impossible and an example of bad history at its best. Teachers of any subject—even the sciences—can incorporate examples and texts that highlight Native American knowledge and ways of being.

I reviewed the book and found it insightful and thought provoking on many levels. As a historian and an educator, I am dedicated to the truthful, inclusive evolution of historiography. Interrogate the curriculum and its originators so that you can see if it is an already homogenized corporate nationalistic agenda.

## Teaching Native American Histories

LACK OF FUNDING The BIE schools operated by local tribal school boards are funded by the federal government LACK OF TECHNOLOGY In terms of educational technology, 60% of Native schools lag behind 21st century standards, often lacking the bandwidth or computer access to support online learning. Unless you have brought in a Native educator to oversee the project, building a tipi will lack the historical, spiritual, and communal significance that it deserves and will most likely embody the stereotypes that abound when hands-on learning for Native American history is approached in ignorance.
