She, and the Imperial Guard, arrested Anna Leopoldovna and her baby. The main problems were with equipment, logistics and planning. They believed that there had once been a happy partnership between tsar and people: the tsar had consulted the people through their elected spokesmen in the.

## Imperial Russia, 1801

Furthermore, the empire at times controlled concession territories, notably the and the , both conceded by Qing China, as well as a concession in. That reputation was then damaged by defeat in the Crimean War, and it further disintegrated in the following years. There were also many antiquated, discriminatory, and contradictory laws.

## Russian Empire

Serfs were the least literate. All religions were freely professed, except that certain restrictions were laid upon the Jews and some marginal sects. Nicholas I helped other rulers protect their monarchies.
