Land Rovers eyed by thieves in countryside crime spike during UK lockdown

The owner of the business spotted a light colored Ford pickup truck enter the business lot and hook the trailer up before fleeing on 65th Street. We moved in to a completed house 9 months later with no landscaping or pool completed.

Pros and Cons of Moving to the Country

Waste can be costly and time consuming to remove. Always have little projects to improve the place like; installing water sprinklers and their water pipes, remove the Bermuda Grass because of a bug that almost killed it off and replacing with Malaysian Broad Leaf grass, always tweaking with the landscaping, and by far the most important, installing a back-up generator to eliminate all the headaches of the power outages that hit the hinterlands so often. They will grow in a safe and healthy environment and you will have your peace of mind — what better reason to move to the country.

A very English theft: how the countryside was taken from the public, using profits from slavery

What are the solutions that will enable a reduction in our wasted acres and permit contemporary agricultural practices to exist side by side with traditional landscapes? Less populated areas tend to have lower costs of living — you get more for your money when you live in the countryside: The countryside offers an affordable, healthy, and peaceful lifestyle. There are thousands of other examples all over our little island, and each single piece of destruction is the destruction of part of us. Some Chinese nationals were living in the Tortoreto home, but they appeared unaware that the work was there.
