The result was that the stakeholders felt some kind of action was necessary. Korsgaard S, Müller S, Wittorff TH 2015 Rural entrepreneurship or entrepreneurship in the rural—between place and space.

Technology Entrepreneurship: Overview, Definition, and Distinctive Aspects

KTH Industrial Engineering and Management, Stockholm

SAGE Books

Technology entrepreneurship is about collaborative production decisions, not about a single individual making or delegating decisions.

The Correlates of Entrepreneurship in Three Types of Firms

.

Agribusiness Entrepreneurship Program

Recognizing the importance of MSMEs and constraints they face as discussed above, the Indonesian government has taken many measures to support them. That means that it is not always possible to adequately support individual ideas in small sectors.

The Correlates of Entrepreneurship in Three Types of Firms

The 2016 NEC does not have information on how many MSEs that employed wage-paid employees. Statistik Indonesia 2016 Indonesian statistics.

Helping Entrepreneurs Grow Small Businesses in Emerging Markets

They increased sales, purchased extra stock, and added more part-time staff, as well as increased the marketing and sales activities implemented in their businesses, that kind of thing. Out of those 1,500, we might find 1,200 who are willing to fully complete our baseline survey and also remain committed to participating in the intervention. As a consequence, in a worst-case scenario, the risk is that these entrepreneurs and firms will choose to establish their businesses in other regions that have a stronger innovation system.
