## Air Force Drug and Alcohol Abuse Program

Government sites or the information, products, or services contained therein.

## Military Archives

Civil War to the recent conflicts in Iraq and Afghanistan, researchers and practitioners have returned again and again to the impact of war-related violence on the psyches of military troops. Consequently, active duty service members ADSMs are not highly motivated to enter treatment.

## Referrals for Alcohol Use Problems in an Overseas Military Environment: Description of the Client Population and Reasons for Referral

Age increases with seniority, even for junior service members in the sample, and in and , it can be seen that a large number of referrals for substance abuse screening were generated for individuals who were below the legal age for alcohol consumption in the continental United States. But reality therapy offers this population a real chance to be resilient by adapting to change and overcoming challenges. SUD facilities, and that many more ADFMs were treated in non-network than in network facilities.

## 2 Understanding Substance Use Disorders in the Military

Importantly, the military ombudsman also found that CF families could describe key skills imparted by military life, including the ability to adapt and integrate effectively into changing surroundings.
