Range Design Guide

EACH INSTITUTION IS REPRESENTED IN A SECTION OF THE REPORT WHICH INCLUDES THE TITLE OF THE FACILITY, ITS CONSTRUCTION PRIORITY, THE COST ESTIMATE AND THE FINANCING SOURCE. The Module layout of the RDG allows the designer to go directly to a needed file. It all started with the Facilities Master Plan, the blueprint for campus development that is produced every 10 years and updated every 5 years.

Statewide Long

Once the comprehensive evaluation of environmental impacts is completed and approved, subsequent projects may have simpler environmental documentation requirements if they were covered in the LRDP EIR.

Long Range Estimates (LRE)

This element shows the location of proposed land uses.

Facilities Planning & Construction / Long Range Facilities Master Plan

Planning Terms Defined An outline created every 10 years that charts a vision for the physical development of the campus.

Statewide Long

This element focuses on the campus systems for domestic and irrigation water, waste water, storm drainage, sanitary sewers, chilled water and steam, electrical distribution, natural gas, and communications.
