There was contradictory legislative experimentation and for considerable periods the law was quiescent because little or no enforcement was attempted. More than any other policy area, the conduct of security affairs implicates legal systems beyond our own domestic law. The problem is to fit a particular statute or judicial decision into its proper place so as to give it due weight and value in the solution of a specific problem, and historical analysis can.

Woods, a discussion of the legislative power to create corporate bodies and public monopolies, by Dean Lederman, a discussion by D. Contemporary Policing: Controversies, Challenges, and Solutions presents a broad range of up-to-date articles on new policing strategies, promising approaches to the problem of crime, challenges facing the police from within and outside the organization, policing innovations, and issues of police deviance and ethics. Personal issues are those that individuals deal with themselves and within a small range of their peers and relationships.
