Collapse of the Atlantic northwest cod fishery

Steve Murawski is a Professor and Peter Betzer Endowed Chair of Biological Oceanography at University of South Florida USF , College of Marine Science. In fact, what we actually see are three broad categories of stocks: those that are doing poorly, those that are low but rebuilding, and those that are large and doing well.

Can New England's cod fishing industry survive?

In 2015, the invited to take part in opening the year's cod fishing season on the. A significant factor contributing to the depletion of the cod stocks off shores was the introduction of equipment and technology that increased landed fish volume. Populating such a map to reflect the actual numbers or biomass of fish present in a given area during a specific time period is then possible given suitable data on fish density.

Cod

Using detailed, spatially specific logs, Rosenberg et al. Long-term objective The long-term objective is to have 2J3KL cod SSB exceed B_{lim} with a high probability.

Wild Atlantic Cod Loins

Marine conservation areas Several of the marine conservation areas established to date around Newfoundland and Labrador benefit 2J3KL cod.

Wild Atlantic Cod Loins

Broodstock screening kidney biopsies ; avoidance of high water temperature Atypical furunculosis Aeromonas salmonicida Bacteria Moderate to extensive granuloma formation in internal organs Vaccination; oral antibiotic treatment Lomosis Loma branchialis Microsporidia Gill cysts; respiratory problems None described Trichodinidosis Trichodina spp.

Atlantic Cod: The good, the bad, and the rebuilding

In 2015, two reports on cod fishery recovery suggested stocks may have recovered somewhat.

The cod are coming back to Newfoundland — and they're eating the shrimp that had taken over

The 2J3KL Atlantic cod stock supported a significant directed fishery throughout the 18th and 19th centuries upwards of 300,000 t. Cod is a batch spawner, spawning 10-20 batches during a 2-3 month period in December — June dependent on stock. Their life belongs to the sea.
