I don't know why others have only gotten one volume however this has happened to me in the past with other encyclopedias. Michael Billington does not wear a wig in early episodes; these can be identified by his receding hairline and long sideburns. Comings and goings at odd times, the movement of people and unusual vehicles, equipment and material would not create undue interest and could easily be explained away as , , or.

Sylvia Anderson also designed the costumes for the show, including the Moonbase uniforms and purple wigs that female staff wore; the wigs were

to become a major reference point for the series.

UFO (TV series)

Most production miniatures typically consisted of a mixture of custom-made elements and detail pieces 'cannibalised' from commercial scale model kits. It promises an organised reference of UFOs and instead is difficult to read and in some occasions it lacks of information.
