

# Synthesis and characterisation of some lead containing superconductors

University of Birmingham - Synthesis and characterization of superconductor Bi<sub>3</sub>O<sub>2</sub>S<sub>3</sub>

Description: -

-Synthesis and characterisation of some lead containing superconductors

-Synthesis and characterisation of some lead containing superconductors

Notes: Thesis (Ph.D.) - University of Birmingham, School of Chemistry, 2003.

This edition was published in 2003

Filesize: 37.48 MB

## Heterocyclic compound

He is the editor of two Wiley books devoted to metal-polymer nanocomposites, and he is a member of the editorial board of different scientific journals. Reverse the battery leads if the voltage is negative. Optical Properties and Reliability Studies of Gradient Alloyed Green Emitting CdSe x ZnS 1—x and Red Emitting CuInS<sub>2</sub> x ZnS 1—x Quantum Dots for White Light-Emitting Diodes.

## Synthesis of Superconductors

Gauvin, Frank Buch, Laurent Delevoye, Sjoerd Harder.

## Azolium

Franz, Messungen mit Hilfe von flüssigen Helium.

## Materials Chemistry

The deformation of fullerene molecules under pressure and the formation mechanism of the high pressure hard phase have also been revealed. He was about to discover a roadblock to high field superconductivity. Design and synthesis of novel chiral dihydroimidazolium cyclophanes as N-heterocyclic carbene precatalysts.
