Why I Prescribe Antibiotics to Patients with Chronic Fatigue Syndrome, Fibromyalgia, Multiple Chemical Sensitivity, and Other Autoimmune Diseases

Many doctors criticize my use of antibiotics, but many antibiotics are far safer than conventional treatment, cost less, can be administered by a general practitioner, and often cure the condition, rather than just suppressing symptoms. There are specific doctrinal exceptions, such as the irrevocable implied copyright licenses at issue in *Effects v.* The court added that, regardless of whether a complaint includes FAPE denial allegations, an entirely distinct claim that in no way concerns the denial of a FAPE like an allegation of physical assault on a school bus would fall outside the IDEA's exhaustion requirement.

Tort Claims Defendants argue Plaintiffs' thirteenth, fourteenth, fifteenth, and sixteenth claims for state law torts must be dismissed because they are barred by the Colorado Governmental Immunity Act and because they fail to state claims upon which relief can be granted. LaRue cashed out his 401 k Plan account balance while the case was pending did not deprive him of participant status. In other words, I read the presumption as applying clearly to all invalidity defenses.

What is the outcome from all of you that tried long term doxy or treatment suggested in this article? Often patients do not take the medication long enough to be cured, or they may have a close contact with an infected person and become reinfected. A careful review of other ERISA provisions supports this reasoning. So section 103 was enacted.
