## **Minister of Highways REPORT FOR THE FISCAL YEAR 1973/74**

At the time the photo was taken only the relocated exit lane on the right was marked out, with the relocation of the parking areas and laning of the outer compound still to be done.

### **Vol. 98, 1973**

Dawson Construction Ltd Project S-6073—Yellowhead Highway, Driscoll Creek to Dome Creek section 16. Paving: S-2373 Avola to Messiter on Highway 5. John, where about 20 million cubic yards of materials were involved, blocking the Peace River for about 12 hours.

### **1973**

Ltd Midvalley Construction Ltd S 188,663. .

### **Annual report 1973**

Krebs, Machine Operator 6, Salmon Arm, 38 years' service. The Division also assisted in the development of a communications system for the upcoming air ambulance services. Smith, Regional Superintendent of Highway Design and Surveys.

### **Vol. 98, 1973**

Reasonably good weather conditions allowed most projects to progress late into the fall, and hence a number of projects were completed before the winter season. Fifteen cases which had gone to litigation were concluded as follows: two were decided in favour of the Government, one against, eight cases were settled out of Court, and four were dismissed.

## **Minister of Highways REPORT FOR THE FISCAL YEAR 1973/74**

View showing the revised inner holding compound, outer holding compound, and parking areas. Lewis Balfour, only son of the first Curator and the Museum's most generous benefactor to date, have informed the Curator that the Museum has inherited his collection of Scandinavian and Eskimo artefacts, already acquired, as well as a half share in the residual estate, of which the Pitt Rivers has so far received £100,000.

**Vol. 98, 1973**

Contract 1: Marine structures—Construction of marine structures, including approach trestle, loading-ramp, dolphins, and waiting shelter. Landscaping in the area is continuing with the help of students on the Summer Employment Programme. An Avalanche Task Force, comprised of experts, was established to study safety measures, warning systems, and avalanche control.

**Vol. 98, 1973**

Though the highway was not directly involved, the possibility and effect of further sliding required evaluation because of the proximity of a settlement and a proposed new bridge. Grimwood Ltd Peter Kiewit Sons Co. Traffic signals were designed and installed at 31 intersections throughout the Province.
