**Signs of Life (Signs of Life Series): Mapes, Creston: 9781079919318: satis.farmjournal.com: Books**

It's the sort of small town, ensemble character drama where the writing and acting are more than usually critical, and fortunately this one has both: an original, unpredictable script and a strong cast led by veteran Arthur Kennedy, still a tough bird at age 75. The doctor's view of everything was a really interesting take on things.

## Signs of Life

Interestingly, this contains, towards the end, references to the current COVID-19 pandemic. He heads north again, passing through one of the wettest places in the world, Cherrapunjee, which receives 12m yes that is metres of rain a year and was even too wet for Welsh missionaries.

## Signs of Life

Hard to put down and I loved it.

**Signs of Life: To the Ends of the Earth with a Doctor by Stephen Fabes**

His statistics are beyond impressive: 53,568 miles, 102 international borders, 1000+ nights of free camping, 26 bicycle tires, and 23 journals filled with his experiences. He enjoys reading, fishing, time with his family, and dates with his wife.

**Signs of Life: The American Pink Floyd**

Soon enough he was departing the ferry at Dover for the run back into London. But a dumbass like Rogan Sneed couldn't possibly have planned and pulled off this diabolical deed on his own -- could he? He had a brief excursion into Myanmar and then reached India.

**Signs of Life: The American Pink Floyd**

Thank you Creston Mapes for another edge-of-my-seat, nail-biting story. He hooks up with a couple of Chinese cycle tourers, which makes it a little less daunting.
