

How a writer works

Harper & Row - James Baldwin

Text-Writers – Online Job Portal for Freelance Writers

With all the content mills out there, finding freelance writing jobs isn't difficult. What difficult is, finding a platform that pays you a respectable amount for all the efforts you put into the write-ups. Most freelance writers work their way through these content mills – writing dozens of articles per week, earning a mere \$5-\$10 per day, and get left weary at the end of the month without much money to console their weariness.

If you too are sick of writing for pennies, then Text-Writers is the platform that you can hold on to escape the muddle of content mills and start earning the money you deserve.

Soon to be launched, Text-Writers is an exclusive job portal for freelance writers that will give them complete freedom on what they want to write and how much they want to charge for it. Now before you wonder how Text-Writers is different from any other freelance writing job portal, let us assure you by the end of the post, you will have all your concerns addressed.

What You Can Write on Text-Writers?

As a freelance writer, you can earn money by doing two types of writings on Text-Writers. First is by writing speculative articles on the topics you think are in trend and will be for some time down the road. Second is by doing custom content for the writing jobs posted by clients on the website. ([See how it works!](#))

As for what type of content you get to write on Text-Writers, the options are numerous – blog, articles, white papers, academic, paperwork, website content, copy-writing, and more. Additionally, there is no dearth of topics as well – art, culture, health, home care, business, tourism, science & technology, and more. Pick the subject category you are an expert on whether writing custom content or speculative articles.
