## Only unified international action can stop China's expansion

Ambassador Volker and I could see the armed and hostile Russian-led forces on the other side of the damaged bridge across the line of contact.

## U.S. Collective Defense Arrangements

Another major system extends along a straight north-south axis from eastern Myanmar east of the Salween River through northwestern Thailand to south of the Isthmus of Kra on the Malay Peninsula. EAI conditions were also too steep for ASEAN's weaker economies, thus excluding their participation. All of Southeast Asia falls within the tropical and subtropical climatic zones, and much of it receives considerable annual precipitation.

## Quad is built on wobbly foundations

A smart defense team would get ahead of this by admitting that there was a quid pro quo, falling back to the argument advanced by some on the right like Tucker Carlson—that the conduct was wrong but that impeachment is too severe of a remedy.

## Southeast Asia

As noted, the US-Southeast Asia relationship worked because, as Andrew Hurrell puts it, the United States had a number of things going for it: extreme and comprehensive power, the ability to offer persuasive and hard-to-turn-down deals and an important degree of legitimacy in its anti-communist purpose. President Zelenskyy also said he looked forward to the White House visit President Trump had offered in his May 29 letter. First, it highlights systemic forces behind some of the more enduring features and challenges of US-Southeast Asia policy and relations during the presidency of George W.

## Systemic neglect? A reconsideration of US

Ukraine is important to the security of the United States.

### **Systemic Neglect? A Reconsideration of US**

Southeast Asia is predominantly rural: three-fourths of the people live in nonurban areas.
