Had Carson Napier arrived in time to save them, or was his arrival the signal for the annihilation to begin? Due to a whopper of a miscalculation, he misses that destination, begins a fall toward the Sun, and is saved only by becoming caught in the gravitational field of Venus so that he la My remembered impression of the Venus series was that it ranked among ERB's best, and on this return the first book of the set did not disappoint. The entire sequence is surprisingly drawn out, and Burroughs manages to imbue it with a great deal of suspense and creeping terror given the reader can pretty well guess from the title Carson will survive to land on Venus. To explain them more clearly, I may say that they are a continuous series of batteries of parachutes, each battery consisting of a number of parachutes of increasing diameter from the uppermost, which is the smallest.

Questia

If you don't know ERB, Start with Tarzan or John Carter War Lord of Mars, but if you are like me dive into the Venus books.

At this the creature screamed more horribly than ever, and with its last remaining vitality sprang upon me as you have seen spiders spring upon their prey. It occurred to me that she might be a priestess of some holy order, but I was forced to discard that theory because of my belief that these people had no religion, at least none that I could discover in my talks with Danus.
