The Origins of Fossil Capital: From Water to Steam in the British Cotton Industry in: Historical Materialism Volume 21 Issue 1 (2013)

Throughout the week we will explore the life of John Doherty, the lives of workers in the north west of Ireland, and the fortunes of the many Irish people who went to find work in Britain. If one cannot determine yet, however, the precise amount of the expenses, one can at least have some notion as to whether it will exceed the average of what canals with modest shipping have cost in France, or stay below that figure.

Collective Action and Domestic Practices: England in the 1830s and 1840s

The question was not whether or not this infrastructure building was needed or not, but how it should be owned, financed, and run. Hundreds of pounds of roofing nails were strewn on the highways to stop the picket cars by puncturing the tires, but the strike went on.

‘Cold, Calculating Political Economy’: Fixed costs, the Rate of Profit and the Length of the Working Day in the Factory Act Debates, 1832

There were few questions of what course any officials would take. The Accounting Review, 85 4 , 1191-1214.

March to Peterloo: Politics and Festivity in Late Georgian England*

As we can see from Bastiat's essay here, the building and financing of canals was a major concern of regional governments like Les Landes during the 1820s and 1830s.

Irish Immigrants and Radical Movements in the West of Scotland in the Early Nineteenth Century, Innes Review

Some companies tried to have their mill crews cut logs, but the effort was a failure. Driven from town, they determined to recruit larger forces. My regret is that I have left this work in draft form.

Chartism Bibliography: Context

Not knowing anything about causes they imagined them to be their own creation. October 4 1582 — Pope Gregory reforms the calendar introduced by Julius Caesar in 45BCE: 4 October is followed by 15 October. According to Ronce they were written shortly after Bastiat returned from a trip to Spain and Portugal in 1840.

Bibliography for HISU9U6: Radicalism to Labourism: Popular Politics 1800

Also, the signature of a well-known author confuses them. To do so it considers the interrelationship between fixed costs, the rate of profit and the length of the working day. Thousands of workmen were thrown out of employment, and any attempt to increase, or even to maintain, the then rate of wages met with almost certain defeat, and sometimes the break-up of the union.
