

# Fiber-optic rotation sensors and related technologies proceedings of the first international conference, MIT, Cambridge, Mass., USA, November 9-11, 1981

Springer-Verlag - Fiber

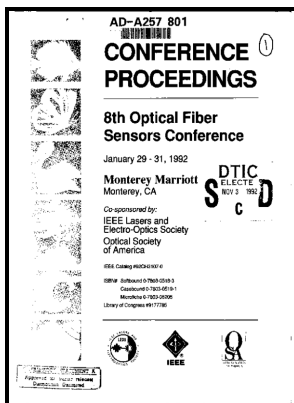

Description: -

-

Mathematics / General  
Teaching Methods & Materials - Mathematics  
Education  
Ranch houses  
Pictorial works  
Historic buildings  
Ranch life  
History  
History - General History  
Vernacular Architecture  
United States - State & Local  
Wyoming  
Family & Relationships / Motherhood  
Parenting - Motherhood  
Family / Parenting / Childbirth  
Family & Relationships  
Family/Marriage  
Marriage, family & other relationships  
Bible. N.T. -- Introductions.  
Microelectronics -- Congresses.  
Aldridge (England)  
History  
Great Britain - History  
British & Irish history  
British Isles  
Fiber optics -- Congresses.  
Optical gyroscopes -- Congresses. Fiber-optic rotation sensors and related technologies proceedings of the first international conference, MIT, Cambridge, Mass., USA, November 9-11, 1981

-

v. 32  
Springer series in optical sciences ; Fiber-optic rotation sensors and related technologies proceedings of the first international conference, MIT, Cambridge, Mass., USA, November 9-11, 1981  
Notes: Includes bibliographical references and indexes.  
This edition was published in 1982
