The British Pharmacopoeia

The development of pharmacopoeial standards receives input from relevant industries, hospitals, academia, professional bodies and governmental sources, both within and outside the UK.

British Pharmacopoeia

Author : Stationery Office File Size : 62. The current edition of the British Pharmacopoeia is available from

British_Pharmacopoeia

An INN identifies a pharmaceutical substance or active pharmaceutical ingredient by a unique name that is globally recognized and in which no party can claim any proprietary rights. They do not store directly information which allows us to identify you personally but are based on uniquely identifying your browser and internet device. In the earlier British pharmacopoeias, the monographs concentrated more on the preparative stages of the medicines described therein, than on the examination of the final product.

The British Pharmacopoeia

The BP 2017 includes almost 4,000 monographs which are legally enforced by the Human Medicines Regulations 2012. Trade in medicinal substances and products has always been global, and the British Pharmacopoeia is placed in its global context as an instrument of the British Empire as it first sought to cover the needs of countries such as India and latterly as part of its role in international harmonisation of standards in Europe and elsewhere.

The British Pharmacopoeia

HistorySome of the earliest pharmacopoeia books were written by Arabian and Persian physicians. The catalog currently contains nearly 500 BPCRS, which are needed as standards for monograph tests in both the BP and the BP Veterinary. Author : British Pharmacopoeia Commission

File Size : 32.

British Pharmacopoeia

Pharmacopoeial standards are publicly available and legally enforceable standards of quality for medicinal products and their constituents. The BP 2015 includes almost 3,500 monographs. The established the legal status of the British Pharmacopoeia Commission, and of the British Pharmacopoeia, as the UK standard for medicinal products under section 4 of the Act.

British Pharmacopoeia, 1988: Addendum 1989 : Published on the Recommendation ...

The British Pharmacopoeia BP 2007 is the authoritative, current collection of standards for UK medicinal substances and the official source of all UK quality standards. British Pharmacopoeia Chemical Reference Substances BPCRS — the laboratory is responsible for the procurement, establishment, maintenance and sale of BPCRS. Inclusion of a substance in a pharmacopoeia does not indicate that it is either safe or effective for the treatment of any disease.
