## Asterix and the Actress

But perhaps 50 BC is a little too early for a voyage of discovery to this strange New World. My book is Asterix and the Great Crossing by Rene Goscinny. One of Obelix's menhirs causes Getafix to lose his memory, leaving the Gauls without magic potion.

The most noticeable differences between the book and the film is that in the film, Getafix accompanies Asterix to America- albeit because he has been abducted by Romans seeking to get rid of him by throwing him off the edge of the world-, and that the Vikings do not appear in the film. ## Slings & Arrows

Asterix and Obelix volunteer to go fishing, as Getafix needs fresh fish, which Unhigienix, the fishmonger, as usual, cannot provide. Out at sea while fishing, their little rowboat is blown of course during a horrible storm. The first was given to in who resembles Latraviata unmasked.

## Asterix and the Great Crossing by René Goscinny, Albert Uderzo, Hardcover

Asterix and volunteer to resolve the issue by going fishing, to which end they borrow a boat from. It is my graphic novel for the term. Julius Caesar sends Caius Preposterus, graduate of the Latin School of Economics, to corrupt the indomitable Gauls in OBELIX AND CO.
