## Oswald Mathias Ungers Morphologie ARTBOOK

Operative Metaphors allow for the application of new operations onto seemingly incompatible models. First published in 1982, German architect Oswald Mathias Ungers' City Metaphors juxtaposes more than 100 various city maps throughout history with images of flora and fauna and other images from science and nature. In such a world it would be like living in a vacuum; everything would be of equal importance; nothing could attract our attention; and there would be no possibility to utilize the mind.

## Speak Mixed Metaphors: Assemblage Urbanism

These were displayed along the walls of a long, narrow, tall space, reminding of an endless urban street populated by René Magritte's bowler-topped man.
